Low water of the tide on the 11th
 at 4:58 a.m.

Times of the tide are taken from the
 United States Coast and Geodetic Sur-
 vey tables.

The tides at Kahului and Hilo occur
 about one hour earlier than at Honolulu.
 Hawaiian standard time is 10 hours 55
 minutes slower than Greenwich time, be-
 cause that of the meridian of 157 degrees 30
 minutes. The time whistle blows at 1:30
 p.m., which is the same as Greenwich,
 minus 6 minutes. Sun and moon are for
 local time for the whole group.

Is Awarded Damages.

The admiralty court at Victoria has
 awarded a judgment for \$35,000, which
 was the full amount asked for, in the
 important collision case of the American
 bark Abbey Palmer vs. the Canadian Pa-
 cific steamship Empress of Japan. The
 case was tried before Justice Martin and
 assessors. The collision occurred off
 Cape Flattery November 6.
 Both the Palmer and the Empress were
 more or less damaged by the collision,
 the steamship being obliged to put back
 to Vancouver for repairs, sufficient to
 enable her to proceed to Hongkong. She
 was repaired at Kowloon. The Abbey
 Palmer was repaired on the Sound. Libel
 actions were brought by both.
 The preliminary hearing of the case
 had some time ago, the Palmer
 sailing February 9 for Port Pirie. The
 evidence of her crew went to show that
 the vessel had her light burning at the
 time of the accident, and that the Em-
 press was seen approaching at a consid-
 erable distance. The crew were aware
 of the impending danger, and were sum-
 moned on deck before the crash came.
 The final hearing of the case has been
 on at Victoria for some time, the Court
 reaching its decision only a few days
 ago, awarding the owners of the Abbey
 Palmer the full amount of damages sued
 for.

May Be Lost.

San Francisco Associated Press dis-
 patches state that the American barken-
 tine Monitor, 24 tons, is now twenty-five
 days out from Grays Harbor and fears
 are expressed for her safety. She sailed
 March 23 in company with the schooner
 Letitia. The latter has been in port at
 San Francisco nearly three weeks, but
 nothing has been heard from the Moni-
 tor. Seafaring men are of the opinion
 that she has been blown out to sea or
 has been waterlogged. The Monitor is
 one of the oldest craft on the Coast. She
 is commanded by Captain James Donnel-
 ly, who is accompanied on this voyage
 by his wife.

Scarcity of Sailors

The scarcity of sailors on Puget Sound
 is nothing compared to the scarcity on
 the British side, according to late ad-
 vices from Victoria. These advices state
 that the two Senators, the wooden bark
 Senator and the iron ship Senator, are
 both at Royal Roads trying to get crews.
 The wooden Senator has been at Victo-
 ria for some time, having all kinds of
 trouble getting sailors. The Drumcraig,
 which is at Esquimalt, has also lost
 eight of her men, who have deserted.
